Thank you it's a good job!

danywalls commented on Oct 2, 2018

Thanks

ezebc182 commented on Oct 14, 2018

Thanks dude!

ansarisufiyan777 commented on Oct 20, 2018

Thanks dude.

bpalowski commented on Oct 24, 2018

Gracias

taylankaraman commented on Oct 26, 2018

Thanks a lot

CHENS1122 commented on Nov 25, 2018

Thanks a lot, but as a beginner I still wanna to know what is the defect of loading so many modules to the program:)

Makhanya commented on Nov 28, 2018

> Thanks a lot, but as a beginner I still wanna to know what is the defect of loading so many modules to the program:)

there is none as your project will only take those modules it will use and leave the unused bundle of modules

zarankumar commented on Dec 15, 2018

thanks

since there's no difference importing 1 or 100, why don't material team combine those into one module and just let us import once?

hamzABellkhadir commented on Apr 6

thank you

shauncfranks commented on Apr 8

Whoop! Whoop!

manoj30dec commented on Apr 9

Thanks Bro !!!

ivantw08 commented on Apr 11

Hello, For maintenance .I think it is better to have another module for material. Here is my work.

jesscee commented on Apr 23

Thanks! You've listed MatCheckboxModule twice though in the imports - typo?

emidev98 commented on Apr 23

Thanks, this is useful!

piupaulgit commented on Apr 30

Thank you :)

ajaymarathe commented on May 13

Thanks!!
